Please note: **FARM SINKS & RANGE TOPS MUST BE INSTALLED, CABINETS MUST BE INSTALLED & DRYWALL WORK COMPLETED PRIOR TO TEMPLATE.** A trip fee will be applied to any contract not meeting this criteria. Customer acknowledges they approve the material on this form and have been informed of any special care it requires. Customer has viewed and approved natural stone material and any fissures or voids that may be present. Fissures are narrow openings or visible veins. Voids are areas on the surface that do not accept polish because of mineral content. Neither affect the integrity of the stone. These qualities are what make natural stone unique and desireable (does not apply to man-made quartz). ****All appointment cancellations require 24 hours notice****

*unless provided by Stone Crafters
